**Application for Certification of Abrasives
for Permissible Dry Outdoor Blasting**

- A. This application must be filled out completely.** Please note that the “*Plant Location*” must be a physical location sufficient to find the facility. A street address is ideal. The Multiple Name Information Sheet is only needed if you sell one abrasive under several names.
- B. Be sure to include the desired “*Disposition*” of each sample after testing.** We need to know whether you would like the sample returned to you, or whether you would like us to dispose of it for you. If you would like us to return the sample to you, please complete and return the Statement of Reuse. We will contact you to arrange a collect shipment to your facility. If you would like us to dispose of the sample, we will arrange the appropriate means of disposal. All costs associated with the disposition of your sample will be billed to you.
- C. Send completed application and a Material Safety Data Sheet (MSDS) for each sample to:**

Kathryn M. Gugeler
